“We are committed to provide a holistic education based on new generation academics that creates not just powerful global career Option for our students, but which empowers them to become key contributors to the community and the environment in which they live”

Welcome to the Millennium. A revolution is taking place in the world because of a globalizing economy, the advent of Information and aggressive competition. Professional Education and training have, therefore, entered into an era where knowledge and understanding acquired by way of formal education and training with its practical application in the workplace will measure competitive manager in the International market. A global digital environment has emerged. The millennium professional should acquire zero-time capabilities; the ability to make change with the speed of light and we have trained our professional to recognize these changing roles and act swiftly upon them.

**Dr. K. M. Vasudevan Pillai** has documented his travails in the progress of Mahatma Education Society through a book titled **EduNation: The Dream of an India Empowered.**
