<b>Brief Report of the Program-:</b>	<p>This special workshop was organized by the Women Development Cell and NSS unit of our college in association with Stree Mukti Sanghatana on the 25<sup>th</sup> and 27<sup>th</sup> February, 2023 in our college. About 119 students (boys and girls) from first year, second year and third year participated in the both days sessions.</p> <p>On the first day, the 25<sup>th</sup> February, 2023 the session was inaugurated by the I/C Principal Dr. Eknath Zhrekar and Resource person Ms. Sangeeta Saraf. Dr. Tushar A. Pawar introduced the guest of honor and the resource person Ms. Sangeeta Saraf.</p> <p>The opening session was delivered by Ms. Sangeeta Saraf on the topic Gender equality. The speaker highlighted need of considering equal physical and mental power in both genders. She underlined that the time had come to respect mutually and appreciate the strength in each other. It is also pointed out that unlike previous generation, females cannot be side line in any area. The session was a strong attempt to erase the mind-set existing even in the young generation with a reserved discriminative mentality. However, the entire session was thought provoking and very much Live. The students came forward with a few queries and the speaker clarified them very well.</p> <p>The second session of the day was on selection of life partner. This was also very interesting and very much interactive. The speaker then motivated the students to imagine the scene of their proposing to their life partner. After some time, the speaker collected their demands made to their partner at the time of proposal. Each demand was jotted down on the board and analyzed them. written on the board. Toward the end of the session the students were found very positive in selecting the partner to lead a happy married life.

The programme was concluded after the vote of thanks proposed by the Dr. Tushar A. Pawar

The second day's session was on marital adjustment by Mr. Chandrakant Sarvogod. Dr. Tushar A. Pawar introduced and Welcome Mr. Sarvogod and Mrs. Shobha Madam from Stree Mukti Sanghatana. After formal introduction of speaker Dr. Tushar requested Mr. Parveen Arif Chairperson WDC to Felicitate Mr. Sarvogod with Sapling as a token of love. The speaker, first of all, laid down a few case studies regarding the tendencies to get divorced after a short-married life. The speaker opened out the possible reasons and the strong one of them is weakness in mutual understanding. He advocated the need of open talks about the thought about the partner and feelings to be respected. The other reason for separation being not recognizing or supporting the decisions taken by either-or. In-fact the partners can counsel each other whenever a stress or strain disturbed the relation. Giving mutual respect is only solution for a prospective married life. After formally winding up the session the house was open for question answer time. The students well utilized this period to get clear many of them confusing thoughts they observed in other family relations which should not take place in their future life.

Mr. Chandrakant Sarvogod started new session on the same day after five minutes break on Sexuality education and legal aspects. This was more or less on anatomic knowledge imparting about the concepts in about reproductive system. The speaker detailed each segment of getting fertility and pregnancy. He also gave an idea about X and Y chromosomes and classification in the birth of boy and or girl child. He also enlightened the students by giving some idea about the infertility and the possible reasons and also the treatment availability. He also lessoned the extra care and need of keeping the reproductive organs and areas with great hygiene and cleanliness for preventing venereal diseases.

In the legal aspect session, he started with the careful documentation of marriage related papers to ensure correct nomination to safe guard the survivors. If anything, fatal occurs to anyone. Before the session concluded there was a brief

<b>Objective-:</b>	To critically understand the Union Budget 2021-22

**Brief Report of the Program-:**

The program started at 4.30 p.m. with the opening remarks given by Principal Dr. Eknath Zhrekar. The welcome address was given by Asst. Prof. Harsh Shukla. Dr. Anaya Markandeya introduced the resource person Dr. Vilas Gaikar.

The budget has its impact on every section of society either directly or indirectly. We need to understand the positives and negatives impacts of a budget on an individual's life. Covid-19 pandemic destroyed the world economy except for china and caused the loss of life all over the world. Dr. Vilas Gaikar stressed that this year we might face a negative growth rate. This situation comes once in a century. However, it is expected that the Indian economy will achieve 11 percent growth rate in 2021-22. During the time of the Covid-19 pandemic, we should not think about the fiscal deficit.

Dr. Gaikar emphasized that there should be appropriate employment opportunities available in the unorganized sector. Industrial Growth should be given priority as it can provide more employment in the economy. Agricultural reforms have become a controversial issue in the current circumstances. It should be noted that only the agriculture sector showed positive growth even when industry and services failed to show any positivity. Sir said that this year we need to focus on how to survive and next year we should focus on how to revive the economy.

The government and revenue collection was debated as the middle class was expecting tax relief from this budget. However, sir said we need to understand that at present government revenue sources dried so they are also not in a situation to provide any rebate. A lot of emphasis was given to health expenditure in this budget as sir explained health is wealth in real sense.

Sir beautifully explained from where the rupee comes and where it goes. The interest payment is a big burden for the government. Privatization of Institutions of national interest like the defense sector is a big issue. Selling PSU which are in profit or of in loss because of administrative issues should not be the strategy. AtmaNirbhar Bharat Abhiyan was introduced in the budget but it's a long road ahead. The migrant workers faced the brunt of

the covid -19 pandemic and therefore one nation one card scheme is initiated by the government. It is not good to tax solar products to tap solar energy. Sir raised his concern as the unionbudget has not given priority on human capital formation as it was expected from the budget. Sir said that we need to put in effort to strengthen Indian higher education system as Indian higher education sector is not on par with the international level.

Summary of the program was given by Asst. Prof. Harsh Shukla and Vote of thanks for the session was given by Dr. Lata Krishnan.

<b>Objective-:</b>	To critically understand the Union Budget 2021-22

**Brief Report of the Program-:**

The program started at 4.30 p.m. with the opening remarks given by Principal Dr. Eknath Zhrekar. The welcome address was given by Asst. Prof. Harsh Shukla. Dr. Anaya Markandeya introduced the resource person Dr. Vilas Gaikar.

The budget has its impact on every section of society either directly or indirectly. We need to understand the positives and negatives impacts of a budget on an individual's life. Covid-19 pandemic destroyed the world economy except for china and caused the loss of life all over the world. Dr. Vilas Gaikar stressed that this year we might face a negative growth rate. This situation comes once in a century. However, it is expected that the Indian economy will achieve 11 percent growth rate in 2021-22. During the time of the Covid-19 pandemic, we should not think about the fiscal deficit.

Dr. Gaikar emphasized that there should be appropriate employment opportunities available in the unorganized sector. Industrial Growth should be given priority as it can provide more employment in the economy. Agricultural reforms have become a controversial issue in the current circumstances. It should be noted that only the agriculture sector showed positive growth even when industry and services failed to show any positivity. Sir said that this year we need to focus on how to survive and next year we should focus on how to revive the economy.

The government and revenue collection was debated as the middle class was expecting tax relief from this budget. However, sir said we need to understand that at present government revenue sources dried so they are also not in a situation to provide any rebate. A lot of emphasis was given to health expenditure in this budget as sir explained health is wealth in real sense.

Sir beautifully explained from where the rupee comes and where it goes. The interest payment is a big burden for the government. Privatization of Institutions of national interest like the defense sector is a big issue. Selling PSU which are in profit or of in loss because of administrative issues should not be the strategy. AtmaNirbhar Bharat Abhiyan was introduced in the budget but it's a long road ahead. The migrant workers faced the brunt of

the covid -19 pandemic and therefore one nation one card scheme is initiated by the government. It is not good to tax solar products to tap solar energy. Sir raised his concern as the unionbudget has not given priority on human capital formation as it was expected from the budget. Sir said that we need to put in effort to strengthen Indian higher education system as Indian higher education sector is not on par with the international level.

Summary of the program was given by Asst. Prof. Harsh Shukla and Vote of thanks for the session was given by Dr. Lata Krishnan.

<b>Brief Report of the Program-:</b>	<p>This special workshop was organized by the Women Development Cell and NSS unit of our college in association with Stree Mukti Sanghatana on the 25<sup>th</sup> and 27<sup>th</sup> February, 2023 in our college. About 119 students (boys and girls) from first year, second year and third year participated in the both days sessions.</p> <p>On the first day, the 25<sup>th</sup> February, 2023 the session was inaugurated by the I/C Principal Dr. Eknath Zhrekar and Resource person Ms. Sangeeta Saraf. Dr. Tushar A. Pawar introduced the guest of honor and the resource person Ms. Sangeeta Saraf.</p> <p>The opening session was delivered by Ms. Sangeeta Saraf on the topic Gender equality. The speaker highlighted need of considering equal physical and mental power in both genders. She underlined that the time had come to respect mutually and appreciate the strength in each other. It is also pointed out that unlike previous generation, females cannot be side line in any area. The session was a strong attempt to erase the mind-set existing even in the young generation with a reserved discriminative mentality. However, the entire session was thought provoking and very much Live. The students came forward with a few queries and the speaker clarified them very well.</p> <p>The second session of the day was on selection of life partner. This was also very interesting and very much interactive. The speaker then motivated the students to imagine the scene of their proposing to their life partner. After some time, the speaker collected their demands made to their partner at the time of proposal. Each demand was jotted down on the board and analyzed them. written on the board. Toward the end of the session the students were found very positive in selecting the partner to lead a happy married life.

The programme was concluded after the vote of thanks proposed by the Dr. Tushar A. Pawar

The second day's session was on marital adjustment by Mr. Chandrakant Sarvogod. Dr. Tushar A. Pawar introduced and Welcome Mr. Sarvogod and Mrs. Shobha Madam from Stree Mukti Sanghatana. After formal introduction of speaker Dr. Tushar requested Mr. Parveen Arif Chairperson WDC to Felicitate Mr. Sarvogod with Sapling as a token of love. The speaker, first of all, laid down a few case studies regarding the tendencies to get divorced after a short-married life. The speaker opened out the possible reasons and the strong one of them is weakness in mutual understanding. He advocated the need of open talks about the thought about the partner and feelings to be respected. The other reason for separation being not recognizing or supporting the decisions taken by either-or. In-fact the partners can counsel each other whenever a stress or strain disturbed the relation. Giving mutual respect is only solution for a prospective married life. After formally winding up the session the house was open for question answer time. The students well utilized this period to get clear many of them confusing thoughts they observed in other family relations which should not take place in their future life.

Mr. Chandrakant Sarvogod started new session on the same day after five minutes break on Sexuality education and legal aspects. This was more or less on anatomic knowledge imparting about the concepts in about reproductive system. The speaker detailed each segment of getting fertility and pregnancy. He also gave an idea about X and Y chromosomes and classification in the birth of boy and or girl child. He also enlightened the students by giving some idea about the infertility and the possible reasons and also the treatment availability. He also lessoned the extra care and need of keeping the reproductive organs and areas with great hygiene and cleanliness for preventing venereal diseases.

In the legal aspect session, he started with the careful documentation of marriage related papers to ensure correct nomination to safe guard the survivors. If anything, fatal occurs to anyone. Before the session concluded there was a brief

### WHAT IS DEMAT ACCOUNT

- Dematerialized account
- Demat account is dematerialized account through which all trading share and securities of Maharashtra Normal, Quality online trading, shares and bonds are held in a Demat account that eliminates any paper in the city. A Demat account can hold all securities as mentioned under it which includes equity shares, exchange traded funds, bonds, and mutual funds in long term.
- Dematerialization is the process of converting the physical share certificates into electronic form, which is a lot easier to manage and even is accessible from any where, throughout the world.
